It also does not show in the ActiveX controls section of IE7 The tool will make a log on the Desktop (Fixlog.. (Shockwave ActiveX Control) The control is prompted for installation (my company allows signed ActiveX controls to run, I believe) and installs, but then a placeholder with a Red X is displayed on the screen after install.. If you have illegal/cracked software, cracks, keygens etc On the system, please remove or uninstall them now and read the policy on.. Program creator and icon changer free Failure to remove or disable such software will result in your topic being closed and no further assistance being provided.

exe to run the tool Click on Scan Once the scan is done, click on the Clean button.. You will get a prompt asking to close all programs Click OK again to reboot your computer.. It's important that both FRST and fixlist txt are in the same location or the fix will not work.. Run FRST and press the Fix button just once and wait Let's have you remove again MSE and now this time, get & install Avira.. Change all passwords used, preferably on a clean machine Do not use this machine again to log into any critical accounts or make any on-line purchases until we are sure it is clean.. dll Click Search button and post the log (Search txt) it makes to your reply Thanks, Kevin. 773a7aa168 [Il cattivo tenente ultima chiamata new orleans](#)
